7th January 2021

Dear Parents and Carers,

Thank you for your continued support in these challenging times. I hope this letter finds you and your family in good health and spirits.

As we are approaching the second week of the new lockdown. I would like to reassure you, staff are continuing to plan a range of activities across the curriculum for your child to engage with. We will continue to deliver remote learning sessions using Microsoft Teams and a copy of the timetable is available on the school website for each class. Invites for the remote learning sessions have been emailed to pupils individual Microsoft 365 Outlook account and pupil login details have been emailed by the school office. If you have not received any of these details, please contact the school office as soon as possible.

Home learning timetables will be available on the school's website from 3pm on Friday for the following week. If you would prefer paper copies, a printed home learning pack will be available to collect from 9 a.m. every Monday morning.

Please share children's work through ClassDojo or Teams, so we can celebrate their achievements at home, download topic books and comment on completed work. The videos that accompany the learning, particularly the maths, help secure understanding and build knowledge, so please ensure that children can access them and spend time watching them. We still have a number of free sim cards available in school, if you require any extra data.

As usual, please remember that we hold the happiness and well-being of your child at the forefront of our minds and should you have queries or concerns about your child, their learning or if they require any additional resources, then please get in touch.

All teaching and support staff are currently working in school and will try to respond as quickly as possible. If your query is urgent, I would suggest you contact the school office.

Thank you for your continued support during these difficult circumstances and remember, do not struggle at home; please let us know of any problems accessing videos, following links or sharing devices.

Best wishes

J.Hodgson
